## Card Party At Wrangell Hotel

The ladies of the Catholic church gave a card party at the Wrangell hotel on Friday night last, and although the attendance was small those who did attend enjoyed themselves very much.

The game of "hearts" was the order of the evening and was continued until about 11 o'clock, when the floor was cleared and a short hour was devoted to dancing. Mrs. Dellie Clark presided at the piano. At the close of the card playing a light lunch was served consisting of coffee and cake and was much enjoyed.

Prizes were given, and the first, a fob chain, was won by J. G. Grant. The trophy Well that was won by a San Francisco girl, Miss Rosalie de Silva, a sister of Mrs. C. A. Emery.

Those present were: Mr. and Mrs. J. G. Grant, Dr. and Mrs. C. A. Emery, Miss Rosalie de Silva, Mrs. S. La Bonty, Miss Olive La Bonty, Mrs. Cathrine Burke, Miss May Haley, Mrs. T. Case, Mrs. Dolly Clark, Mrs. Roy Cole, Mr. and Mrs. C. M. Coulter, Miss Eleanor Lynch, Mrs. G. L. Lotz, Mrs. G. F. Skelton, Ed. Campbell, J. R. Bender, Edward La Bonty, H. L. Dawes and Leo McCormack.

Dr. H. C. Be Vinge, a former practicing physician of Wrangell, was a passenger on the City of Seattle Monday, en route to Juneau. The doctor has been in New York for the past four months taking post graduate courses and will engage in the practice of medicine in Juneau. He is building a beautiful home in the Capital city.

## Memorial Day

At a meeting of the general committee appointed to arrange the order of the exercises to be held on Memorial Day, May 30th, the following program has been arranged and sub-committees appointed:

On transportation: D. Sinclair, J. G. Grant, F. Matheson.  
On music: C. M. Coulter, Wm. H. Lewis, Mrs. Wm. Neill, Mrs. H. Lawrence.

On program: H. J. Palmer, P. C. McCormack, Lynn T. Worden, Miss E. L. Woods.

Morning address: M. F. Inman.

Evening address: Dr. C. A. Emery.

It has been customary in the past to have exercises on the wharf in the morning and leave immediately for the cemetery to decorate the graves of the deceased soldiers buried there; but when the weather did not permit, services were held in the hall, both in the morning and evening.

## Children Enjoy Steamboat Ride

Through the courtesy of Supt. Louis Schott, of the A. P. A. cannery, the children of the public school were given a steamboat ride around Wrangell Island, on Monday last. The children report a most enjoyable time and are loud in their praise for Supt. Schott who made it possible for them to enjoy such a treat.

## WRANGELLITES MEET GOV. STRONG

Major J. E. A. Strong, the newly appointed executive for Alaska, passed through Wrangell Monday night en route to Juneau.

While there had been no special arrangements made to meet the Governor, yet a large number of the representative citizens were at the wharf when the City of Seattle came in, to extend him a hearty welcome. The boat remained about an hour and the governor had an opportunity to meet many oldtime friends as well as a large number of new ones. It really looked for a few moments like we were all trying to "get on the band wagon." One man was heard to say, "Just my luck! I used to be a democrat but it looked as though they would

never get into power again, and I switched."

Beats the world how many democrats there were in Wrangell Monday night. We tried to look the part ourselves.

The Governor was accompanied by Mrs. Strong, who was entertained by several of the ladies of Wrangell during her short stay here.

The City of Seattle came into the harbor in full dress in honor of her distinguished passenger. She departed for Juneau at 9 o'clock with the governor waving answer to the many well wishers on the wharf.

At last Alaska has a governor with whom every resident is in full accord, and President Wilson made no mistake in his selection of Major Strong.

## Marble Industry Assures Prosperous Future

Alaska Marble In Great Demand—Ham Island Quarry Opened for Work

With the increased demand for Alaska marble in the construction of our modern sky-scrapers Alaska is steadily pressing to the front and is now recognized as the nations great storehouse for that particular mineral. The past few years have seen large marble industries established and Wrangell has benefitted by these developments.

The Vermont Marble Company of Proctor, Vermont, opened their first quarry at Token but a few years ago and since that time have shipped great quantities of marble to their headquarters at Tacoma. This year it is their intention to test Red Boy, Ham Island El Capitan, and should these properties prove good additional quarries with increased employment will be the result.

The Pacific Coast Steamship Company's big freighter, Delhi, is due to arrive at Ham Island on Thursday and will discharge

three carloads of machinery for the new works, and a score of men are already at work clearing off a site for the construction of the necessary buildings and wharf.

This new camp of the Vermont people is of especial interest to Wrangellites, as its nearness makes it a local industry which can only be productive of good results.

The Mission Marble Company of San Francisco, who also have quarries near Token is doing things in the marble line and expects to branch out on a large scale in the near future. At the present time they have eighteen men employed.

This great industry has given to Alaska a permanency, and an assurance of a bright future for every Alaskan. It is to Wrangell what Treadwell is to Douglas and Juneau, and we extend a glad hand of welcome to capital that will be instrumental in making homes for future Alaskans.

## Alaska Appointments

The appointments of governor, surveyor-general and district judge for Alaska by President Wilson have all been from well-qualified men, residents of the territory and these selections have been well received. We take them as an earnest of what we can now expect; that the settled policy of the executive will be to observe the home rule policy and pickmen for fitness only.

This is by no means a panacea for all the ills of which Alaska suffers, but it goes some of the way and shows that the President has an intelligent appreciation of the situation and expects to put suitable men in places of trust, men who will be the representatives to the people of Alaska, of the administration, who know

what the situation is and will do all they can to mend it.

It is a maxim of government that the closer the agencies of power come to the people to whom it is to be applied, the better the results, and the less the friction. The present administration appreciates this fully, and in no place is the application of this principle more needed than in our Northern territory.

It has suffered irreparably from long distance government and in some cases from carpet bag rule, but that day is happily past and we are now seeing the beginning of better things.

In Governor Strong, Surveyor-General Davidson and Judge Jennings, we look for the type of public service a well administered territory has a right to expect.—The Pacific Mining Journal.

## EVERYTHING ALASKA

Judge P. D. Overfield, judge of the United District Court for the Third Judicial Division, has created a new recording precinct and commissioner's district, for the White river section, with its headquarters at Wiley. Horatio E. Morgan was appointed recorder of the district. It includes all that portion of the Copper Center and Chitina district covering the White river and its tributaries to the divide of Seolai pass, Euche mountain and Beaver river and its tributaries.

Word from Fairbanks of April 28, says the Ester creek, one of the reliable producing creeks of the Fairbanks country will produce as much this year as it has turned out for any of the last several years. Work is progressing all along the creek. Water is plentiful and sluicing is under full headway. One or two dumps that were taken out in the winter of 1911-12 that could not be sluiced last year on account of the lack of water are being put through the boxes this year.

The Tanana Valley Produce Growers' Association has been formed for the purpose of developing the agricultural lands of the interior of Alaska. The association's first and main work will be to encourage the use of Alaska grown vegetables. It is estimated that it is possible to shut the Outside grown potato out of Alaska. If that is done, it is contended that \$50,000 annually will be retained in the district for use in further

development instead of being sent out to Seattle and other points for this one article of diet.

The Socialists of Cordova have sent a wire to President Woodrow Wilson, asking that Ward T. Bower, of the United States fisheries service in Alaska, be removed from office. They allege that he is in league with the big cannery companies. In substantiation of the charge they say that he is opposed to the abolition of the salmon fish-traps.

A peculiar gold strike was made in the Big Chena neighborhood in the Fairbanks district recently according to the Fairbanks Times. Coarse gold as large as navy beans and ranging from that size down to the size of rice grains was found in a gravel bank upon a high plateau. The find has led miners to the conclusion that the country is worth prospecting.

A hydraulic plant is being installed on the Totatlanika river, a tributary of the Tanana flowing in from the direction of Mt. McKinley. The operators expect to keep a crew of men at work all summer.

Valdez is discussing the proposition of having a three days' celebration for the Fourth of July. The plan proposed by those urging the celebration is to have excursions from Cordova, Seward and other Westward towns, and to make the affair a general reunion of all that section of Alaska.

The Grafton copper mine in the Whitehorse district has been closed down. It has been shipping ore for some time. It is not stated whether it has closed for a long vacation or a short recess.

Miss Alice Abrahams, daughter of Skagway's pioneer real estate man, has accepted a position in the Skagway postoffice.

It is reported that a power company is being formed to install a plant in the Knik district; this would be of considerable benefit to the mines in that vicinity.

The Newsboy claim, located on the ridge between Cleary and Little Eldorado in the Tanana valley, for the development of which the Business men of Fairbanks and the operators on the Tanana creek subscribed \$15,000, is being worked rapidly.

The freight rates of the Alaska Northern railroad have been cut from 20 cents to 12 cents a pound. The cut was authorized by Colonel Swanitz, the new manager of the road.

Gordona has a new lawyer, Edward F. Medley, of Boston, Mass., thus located in that city. His wife is a former Alaskan, and she probably brought him to the Territory.

Representative Arthur G. Stamp of Sitka has been admitted to the bar.

Dawson has taken up the cry for a cleaner town, and all the worthless shacks must go.

It is reported that John W. Troy, at present editor of the Juneau Empire, is to be given a fat job under Democratic rule in the State of Washington.

A Juneau news item says that orders have been given by officials of the P. R. to pilots and captains on the Princess May and Princess Sophia to make Sentinel Island by daylight.

Dr. R. H. Moore recently came out from Ruby to be a witness in the MacDonald case. The doctor was surgeon at Treadwell at the time of the unfortunate happening.

The British Columbia agricultural department is making a scientific investigation of the possibilities of the Queen Charlotte islands, Graham island and the Skeena and Stikine valleys.

Officials are on the ground, and will spend the summer there.

An immense black fox with thick glossy fur that had been purchased for an Eastern fox-raising company at a cost of \$1,500 escaped from its cage at Fairbanks and got away into the hills early this month. Notwithstanding that dozens of hunters got out after it, it was still free to catch rabbits and ptarmigan when last heard from.

J. R. Keefer, representing the passenger traffic department of the Pacific Coast Steamship Company is making a tour of the territory served by his company. He has been with the Pacific Coast people for over thirty years.

A jury in the U. S. District Court at Valdez gave Mrs. Reed widow of J. E. Reed, a judgment against the Copper River and Northwestern Railway Co. for \$20,000. Reed an employee of the company was killed January 1, 1912.

Work has begun with a large crew on the Rambler Gold Mining Company's claims at Valdez. Development work will be pushed along rapidly.

A. F. Demidoff has been appointed postmaster at Kodiak to succeed H. C. Hope, deceased. He was endorsed by C. E. Bunell, Democratic Committeeman.

At a party given by the Nome Igloo of Pioneers recently, a vote of women was taken on the question of woman's suffrage for Alaska, and the vote was 23 to 17 against the suffrage bill.

George Black, of Skagway, came in contact with a circular saw, which inflicted a wound 20 inches long, extending from the shoulder joint to the sternum, which it took about one hundred and fifty stitches to sew up.

## Jolly Trip To Petersburg Saturday

A jolly party of Wrangellites left on the Antelope Saturday last for Petersburg where the Norwegians were celebrating their national holiday, May 17th. Some trouble was experienced in getting started on account of water getting into the engine, and it took about eight hours to make the trip, but all report a pleasant trip, nevertheless. They arrived at 8 p. m. in time to enjoy the dancing and their return Sunday was without incident, arriving back in Wrangell about 2 o'clock in the afternoon. Those making the trip were Mr. and Mrs. Leonard, Mrs. Hood, Mrs. Royalty, Mrs. Dollie Walton, Miss Ella Berge, Miss Inez Berge, Miss Annie Lewis, Mrs. Fletcher, Tom Case, Oscar Case, Clarence Brown, August Berge, Tommie Berge, Clarence Lewis, Steve Sheppard and Edward La Bonty.

## Beautify Wrangell

### Notice to All Women—

Monday afternoon, May 26, assemble ye at 3 o'clock in the Town hall to devise ways and means by which it may be done. What greets the eye of our visitor? Tin cans, dirty rags, rotten boards, half-burned stumps, garbage, dilapidated fences and old ramshackled buildings that have outlasted their usefulness many years.

Open your eyes. Look ye, as ye pass along the streets. See for yourselves. Think, think, think ye for three days. Then come prepared to contribute your ideas. Come ye. Bring your neighbors. Congregate for a clean-up campaign.

Wrangell can do what Douglas has done. A CONTRIBUTOR.

## T. Anderson Called By Death

Mr. T. Anderson, a well known resident of Wrangell, died at his home on Saturday last at 11:30 a. m.

Mr. Anderson's death was a complete surprise to his many friends and acquaintances as it was not known generally that he was ill. He was afflicted with Bright's disease and when he was compelled to take to his bed a few days ago he failed so rapidly that medical aid was of no avail.

The funeral services were held on Sunday morning at 10:30 o'clock under the auspices of Camp No. 28, Arctic Brotherhood. The services were conducted by Rev. J. S. Clark. A choir composed of Mrs. J. G. Grant, Mrs. M. Linhart, Mrs. Neil, Miss Swift, F. Johnstone and Fred Wiggs, with Mrs. Dolly Clark as pianist, furnished appropriate music for the occasion.

After the services at Red Men's hall the remains were placed on board the "Clifton" and taken to the Wrangell cemetery for burial. Mr. Anderson leaves a wife and four children to mourn his loss, and the sympathy of the entire community is extended to them.

## Mrs. Otterson Seriously Ill

Mrs. O. Otterson, wife of the foreman at the A. P. A. cannery, accompanied by her two children, arrived from below Monday on the Jefferson. While en route Mrs. Otterson was taken seriously ill and for a time fear was entertained for her recovery. Capt. Nord of the Jefferson, secured the aid of a physician who was a passenger on the boat, and after an examination of the case pronounced it a case of measles. Every attention was given the lady and on arrival here she was taken to the hospital and placed under the care of Dr. Dawes. She is doing nicely at this time and it is expected that she will soon be restored to perfect health.

Rev. T. Inglis and wife and children of Telegraph creek, arrived on Friday last, following the ice down the river and being almost the first to come out this spring. Dr. Inglis has spent the past six years at Telegraph creek, and feels that he has had enough, and is leaving for Victoria where he will build a home and devote himself to the care and education of his children. They have been attending at the Wrangell the past week, and left on the City of Seattle.

Laureate service held at the Presbyterian church last evening. The church was filled to its capacity.

ity. Rev. J. S. Clark delivered the sermon, and was assisted by Rev. T. Inglis of Telegraph creek, who read the Scripture lesson and offered prayer. The graduating class of 1913 occupied reserved seats at the service and listened intently to the words spoken by Rev. Clark, especially chosen for the occasion. The choir rendered several selections during the evening, and Mrs. Neill sang a solo, "Eye Hath Not Seen," in a very pleasing manner.

Hofstad & Bronson who are operating a camp on Woronkofski island heard that there were several trap piles on the beach near Shafstad's camp and while looking for them found the skull of Shafstad's on the beach, and on investigation found his camp and were surprised to find that his camp had been deserted and looked as though it had not been occupied for two or three weeks. The dishes had mildewed are evidence that no one had used them for some time. Several 30-30 cartridges were found, but no gun could be seen. Shafstad left Wrangell about two months ago for his camp and it was supposed that he would be here for gill-net fishing on the Stikine which usually begins about this season of the year.

A party will leave today to take up the search for Shafstad.

The invitations to the second annual commencement of the Wrangell Public School have been issued during the past week and their recipients anticipate the usual enjoyable evening. Water On Her Wheel

The river steamer Nahlin, which has recently undergone extensive repairs for river work, left her berth yesterday at 1:30 p. m. bound for Telegraph Creek. Word has been received that the Nahlin made record time to the boundary line. She proceeded up the river at 8 o'clock Wednesday morning.

## May Prove to be the Man Wanted

Capt. Jas. Moe, well known by old time Alaskans, saw a copy of The Sentinel of May 8, which contained an inquiry for one George Vaughn, who in 1887 was working as a teamster at Republic, Michigan, and came into The Sentinel office to report that he had been working with a man by that name in Juneau recently, and that he believes that he is still in Juneau working for Thos. Knudsen. He says that this man Vaughn of Juneau is possibly 54 years of age, but that he knows nothing of his life before coming to Alaska.

### Civic Improvement Club

The Sentinel man has been informed that "some of the women of Wrangell have been considering the matter of trying to organize a Civic Improvement Club for the purpose of making general improvement in our little city. First of all, to have a cleaning of our streets and alleys, by disposing of all the old cans and other rubbish collected there; and this to be followed by other improvements that may suggest themselves from time to time. The tourist season will soon be here and we wish our visitors to receive a good impression of our little home. Aside from that, we shall be better and happier ourselves by being in better condition."

A meeting will be held at the Town hall on Monday afternoon at 3 o'clock for the purpose of organizing such a club. Let all of the women of Wrangell be present, if possible."

The 5-year-old son of Mr. Myers living near the Alaska Sanitary Co.'s cannery, had a narrow escape from drowning, the first of the week. He was playing along the wharf when he fell over into the bay, and would have drowned but for the timely assistance of George Landgrin, foreman at the cannery, who jumped into the bay and saved the child from death. Steve Shepherd secured a boat and went to Landgrin's assistance.

ORDINANCE NO. 40. FIXING THE SALARIES OR COMPENSATION OF THE ELECTED OR APPOINTED OFFICERS OF THE COMMON COUNCIL OF WRANGELL, ALASKA, FROM APRIL, 1913, TO APRIL, 1914.

Be it ordained by the Common Council of Wrangell, Alaska:

SEC. 1. That the salaries or compensation of the elected or appointed officers of the town of Wrangell, Alaska, for the term ending in April, 1914, shall be as follows: Salary of the town clerk, \$25.00 per month. Salary of assessor for actual time so employed, \$3.50 per day. Poundmaster or town marshal, for each animal impounded or otherwise disposed of as provided for in ordinance No. 33, 75c per dog. For the removal of small dead animals, such as dogs, cats, etc., the health board is hereby authorized to employ some person to perform such work, the maximum price to be paid for such removal to be \$1.00 for each animal so removed, and the health board of the Common Council shall designate in what manner dead animals shall be disposed of.

SEC. 2. The registrar of voters of the town of Wrangell, Alaska, shall receive the sum of 5 cents for each name entered upon the registration book. Judges and clerks of election shall receive the sum of \$3 each for their services at any regular or special municipal election.

SEC. 3. The town treasurer shall be allowed the sum of \$100.00 to be paid by the Town of Wrangell, Alaska, at the expiration of the term of office of the said treasurer, which allowance shall be made for auditing the books, making collections, paying claims and making reports to the Common Council. The Town of Wrangell shall furnish the necessary blanks, books, and stationery for the said Town Treasurer. The Town Clerk may purchase the necessary blanks, books and stationery for his own use that may be required to do the business for the said Town of Wrangell, and shall purchase other supplies for the Town that may be necessary, or that may be ordered purchased by the Common Council, but shall with each purchase present a bill of same, showing articles purchased and from whom purchased.

SEC. 4. The Street Committee are hereby authorized to employ laborers for street work, and shall keep the streets and alleys in proper condition and repair, the maximum price for such work to be thirty five cents per hour for common labor.

SEC. 5. The Fire Committee are hereby authorized to employ watchmen for the Town of Wrangell, when in their opinion the same may be necessary for the protection of life and property of the inhabitants thereof, and it shall be the duty of this committee to see that the watchmen so employed perform the duties assigned to them. The pay for such service is hereby fixed at \$3.50 per day and the same shall apply to night service, the number of hours for either day or night service to be regulated by the Fire Committee.

SEC. 6. The Water Supervisor for the Town of Wrangell, Alaska, shall be paid the sum of 50c per hour for his services while actively employed. For all mechanics, or other skilled laborers employed on the water works, or for other purposes, it is hereby ordered that the ordinary wage rate for such skilled labor shall be paid.

### TIME OF TAKING EFFECT.

SEC. 7. This Ordinance shall be published in one issue of the Wrangell Sentinel, a weekly newspaper published in the Town of Wrangell, Alaska, and shall take effect and be in force, from and after its passage, approval and publication. Passed and approved this 3rd day of May A. D. 1913.

GEO. H. BARNES, President of the Common Council and ex-officio Mayor of Wrangell.

Attest: J. E. WORDEN, Town Clerk, pro tem.

## Throughout Alaska

Fairbanks night school that has been running all winter, closed April 21 until next fall when it will be renewed.

Bound for the country lying between Mt. St. Elias and Mt. Natashat, to resume the marking of the boundary a division of the Alaska boundary survey arrived in Valdez during the latter part of March. The division is headed by Asa C. Baldwin and includes about a dozen men. Chief Thomas Riggs will join the party soon.

Over two hundred men are now employed in the shipyards at Whitehorse.

From Whitehorse to Dawson in seven days is considered good time for an automobile.

Richard S. Ryan has received a patent to 160 acres of land on the shores of Controller Bay.

Preparations are already under way at Whitehorse for the celebration of the birthday of King George V., which occurs June 3rd.

The merchants of Fairbanks estimate that the cut in freight rates on merchandise and machinery to be shipped into that place will mean a saving of \$200,000 this year to the people of that town alone.

The business men of Petersburg have organized a commercial club. The new organization starts off with a membership of 20.

Twenty-two thousand volts of electricity was not enough to cause a Juneau mechanic to miss his dinner.

Late information from Fairbanks says there will be more work this year on the Smalwood creek in the Fairbanks district than has been done in last several years. A lot of good pay is said to be lined up, and some good outfits will be worked.

The government is rebuilding the wharf at Fort Lisicum, near Valdez. An ice house and root cellar also are being constructed, and various other improvements made.

A painter of Juneau, who suffered injuries as the result of falling on the slippery streets, has petitioned the city council for financial aid.

The Alaska Water, Light and Telephone Company of Valdez, is erecting a new plant that, it is claimed, will be the last word in electrical power and lighting equipment. It will be operated by water and have power to sell to all within its territory that want it.

A gold shipment of \$30,000 in bullion was received at the Seattle assay office, Mar. 20, coming from the Nome, Fairbanks and Copper river district. The first shipment of ore from the Midas property near Valdez was made recently, consisting of 260 tons, assaying 12 per cent copper, \$3 gold and \$4.50 silver, per ton.

The Golden Hills Consolidated company has recently been organized and has taken over two groups of quartz claims in the Willow Creek district. It is the intention to place a crew of 25 men at work soon, and to install a stamp mill. H. D. Cowen, of Seattle, is general manager.
